a	THIS DATA IS BEING SHARED IN THE PUBLIC DOMAIN TO ENCOURAGE IMPORT SUBSTITUTION
b	As determined by the Technical Committee of Ministry of Steel ,the above grades were imported with high volume and were held to be outside the purview of the Steel Quality Control Order (13th August, 2018). Decision was based on the mill test certificate produced by the applicants for the perusal of the Technical Committee of Ministry of Steel.
c	The decision of the Technical Committee is binding only for the specific consignment (based on the mill test certificate) concerned
d	If more quantities are being imported without seeking due clarification from the Ministry of Steel, such quantities would also not be reflected in the aforementioned figures - (e.g. Import from the BIS licensed manufacturers are not reflected in the figures mentioned above etc.)
e	List of grades are not exhaustive but covers only specific high volume grades.
f	THIS INFORMATION CANNOT BE USED FOR IMPORT PURPOSES. CLARIFICATION FOR IMPORT CAN ONLY BE GIVEN BY TECHNICAL COMMITTEE OF MINISTRY OF STEEL.
g	Most of these grades do not have equivalent grades in the Indian Standards. These grades are not being specified in Indian Standard terms but as per the International description.
