UNITS ENGAGED IN STEEL MINING AND PRODUCTION

1793. SHRIMATI RAMA DEVI :

Will the Minister of STEEL be pleased to state:

- (a) the details of the units engaged in steel mining and production in the country at present including their production capacity;
- (b) the details of the locations where Government and private units are producing steel, State-wise; and
- (c) the details of the steps taken by the Government to improve and enhance the steel production?

ANSWER

THE MINISTER OF STATE IN THE
MINISTRY OF STEEL

(SHRI FAGGAN SINGH KULASTE)

(a)&(b) State-wise details (number and capacity) of steel units (public and private) in the country during 2021-22 is at **Annexure - I**. As per Indian Mineral Year Book, 2020 published by Indian Bureau of Mines, there were 250 reporting mines in 2019-20, out of which 36 mines were in the Public Sector and 214 in the Private Sector.

(c) Steel is a deregulated sector and the role of the Government is that of a facilitator. Decision regarding the increase of the steel production is taken by individual company (both private and public sector) based on market dynamics. The following steps have been taken by the Government to increase steel production in the country: -

- (i) Notification of Domestically Manufactured Iron & Steel Products (DMI&SP) Policy for promoting procurement of Made in India steel.
- (ii) Notification of Steel Scrap Recycling Policy to enhance the availability of domestically generated scrap.
- (iii) Issuance of Steel Quality Control Orders to stop manufacturing and import of non-standardized steel.
- (iv) Production-Linked Incentive (PLI) Scheme for Specialty Steel with an outlay of ₹6,322 crores.
- (v) Establishment of Project Development Cell in the Ministry to attract and facilitate investment in the steel sector.
